And there came a day, a day unlike any other, when Earth's Mightiest Heroes found themselves united against a common threat! On that day, the Avengers were born, to fight the foes no single super hero could withstand!

THE MIGHTY AVENGERS

The shape-shifting alien race known as the Skrulls has begun its invasion of Earth. First they deployed a well planned secret invasion using their shape-shifting ability to seed mistrust among the Avengers and other heroes around the world.

Now they have struck fast and hard. First they coaxed the Avengers to the faraway Savage Land to be hunted by Skrulls posing as their counterparts and long-lost loved ones.

Meanwhile, Skrull agents all over the world put their plan into action.

DUM-DUM DUGAN, agent of S.H.I.E.L.D.; JARVIS, Avengers butler; SUE STORM of the Fantastic Four; the Kree warrior CAPTAIN MARVEL; founding Avenger HANK PYM...all Skrulls posing as humans, living among us for months, possibly even years. Each one is crucial to the success of the Skrulls' plans...and the destruction of the Earth as we know it.

The invasion has just begun...
